About Beca Imports

Beca Imports is an Italian family owned and operated Company. We were born and raised in Italian country side with the values of fresh and organic ingredients at their table. Beca Imports specializes in the importation of fine Italian organic products and is focused in finding the best of Italian foods from all regions of the country. Our goal is to bring Italy's finest regional artisan products to United States that satisfy any demanding palate.

We search every region of Italy to provide only authentic Italian food products characterized by freshness and natural flavors. We stand true to our values and are committed to our relationship with our suppliers to deliver premium quality products that everyone will enjoy.

Since coming to work and live in America, I saw that the people here love to experience the Italian food culture. But I saw that the food that is provided for them is not what I feel to be "authentic Italian food". Through the help of my cousin, who stills lives and works in Italy in contact with farms and local producers, we want to share with the American people the "real" Italian food experience without leaving their homes.

Luca Bellavia
Co-Founder & President

Mission Statement

Our hope is to bring our exceptional blend of products from Italy, including private label brands, so they can be found in the best restaurants, supermarkets, gourmet stores and deli shops across the United States.

We want to bring the natural flavors of the Italian garden and create a bridge through the food and culture to every American table.

Because we believe that everyone should experience the freshness and beauty of the Italian food, our mission is to bring these exceptional products from our garden to your table.
